

# Nicolas Conaway

*Front-End Developer*

6930 Providence Square Dr  
Apt 191  
(704) - 604 - 3099  
n.conaway00@gmail.com

## EXPERIENCE

### Road to Hire Fellowship, Fort Mill, SC — *Technology fellow*

February 2020 - July 2020

- Student of Road to Hire
  - Studied in full stack development
  - Learned languages such as HTML, CSS and Javascript
  - Worked with the javascript library React
  - Created projects for eCommerce, HOPE Hackathon, a redesign project of an existing site, and multiple mini projects

### Vine American Kitchen, Ballentyne, NC — *Pantry*

February 2019 - June 2019

- Dishwasher (February - March)
  - Cleaned any dishes used in the kitchen or served
  - Put away and restocked dishes when needed
- Pantry (March - June)
  - Created Salads and desserts primarily
  - Prepared and served party food when it was needed

## EDUCATION

### East Mecklenburg High School, Rama — *High School Diploma*

August 2014 - June 2018

## PROJECTS

### Robotics team/competition — *Team Member*

During the program, we had to design and program our robots to complete specific tasks, and afterwards we'll have to present a mini project on the side as a team.

### eCommerce Project — *Full stack Developer*

Our goal for this project was to make an original site that sells products of our choosing. The challenge here was to make the product filter that will rearrange all products based on price and type.
